The EU-Spain Case

AI Sandboxes

The opportunity for public-private collaboration

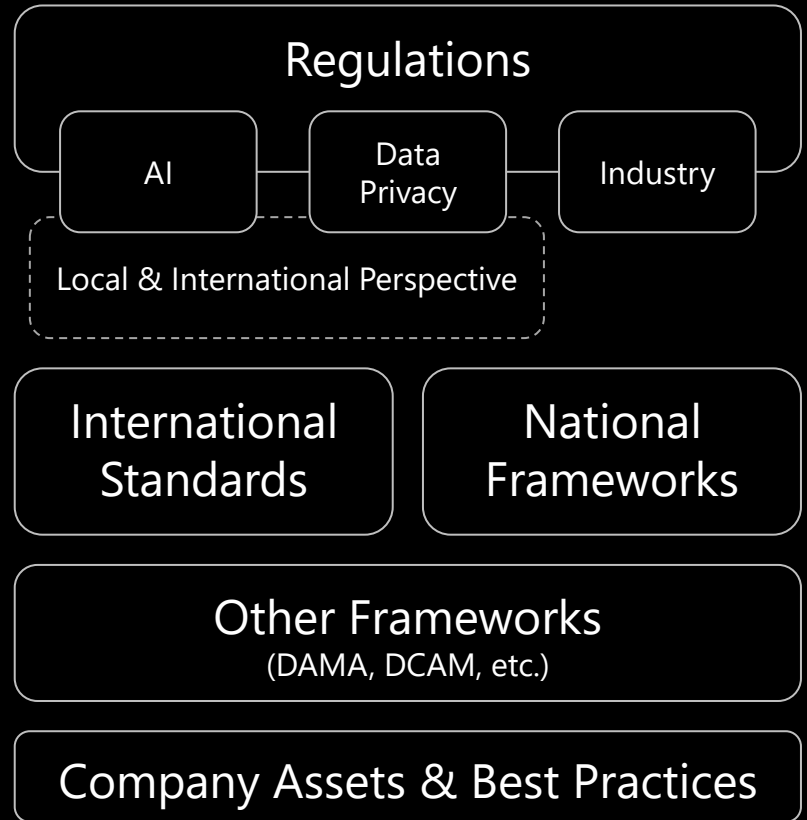

- An AI sandbox to enable adopter and provider companies to implement the EU AI Act measures
- The Spanish AI Sandbox as a replicable model for implementation in Hungary
- The upcoming Hungarian presidency of the Council of the EU as an opportunity to leverage this approach
- A unique moment for governments and companies to collaborate and work together

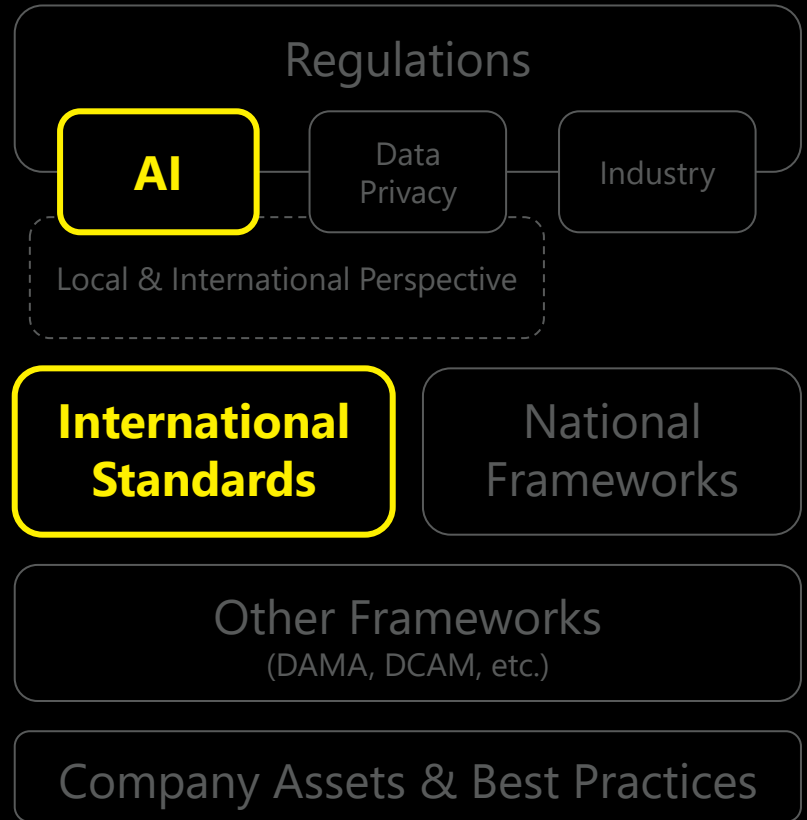

... one year after, the era of AI accountability is here

Understanding the **AI puzzle** in 2024+

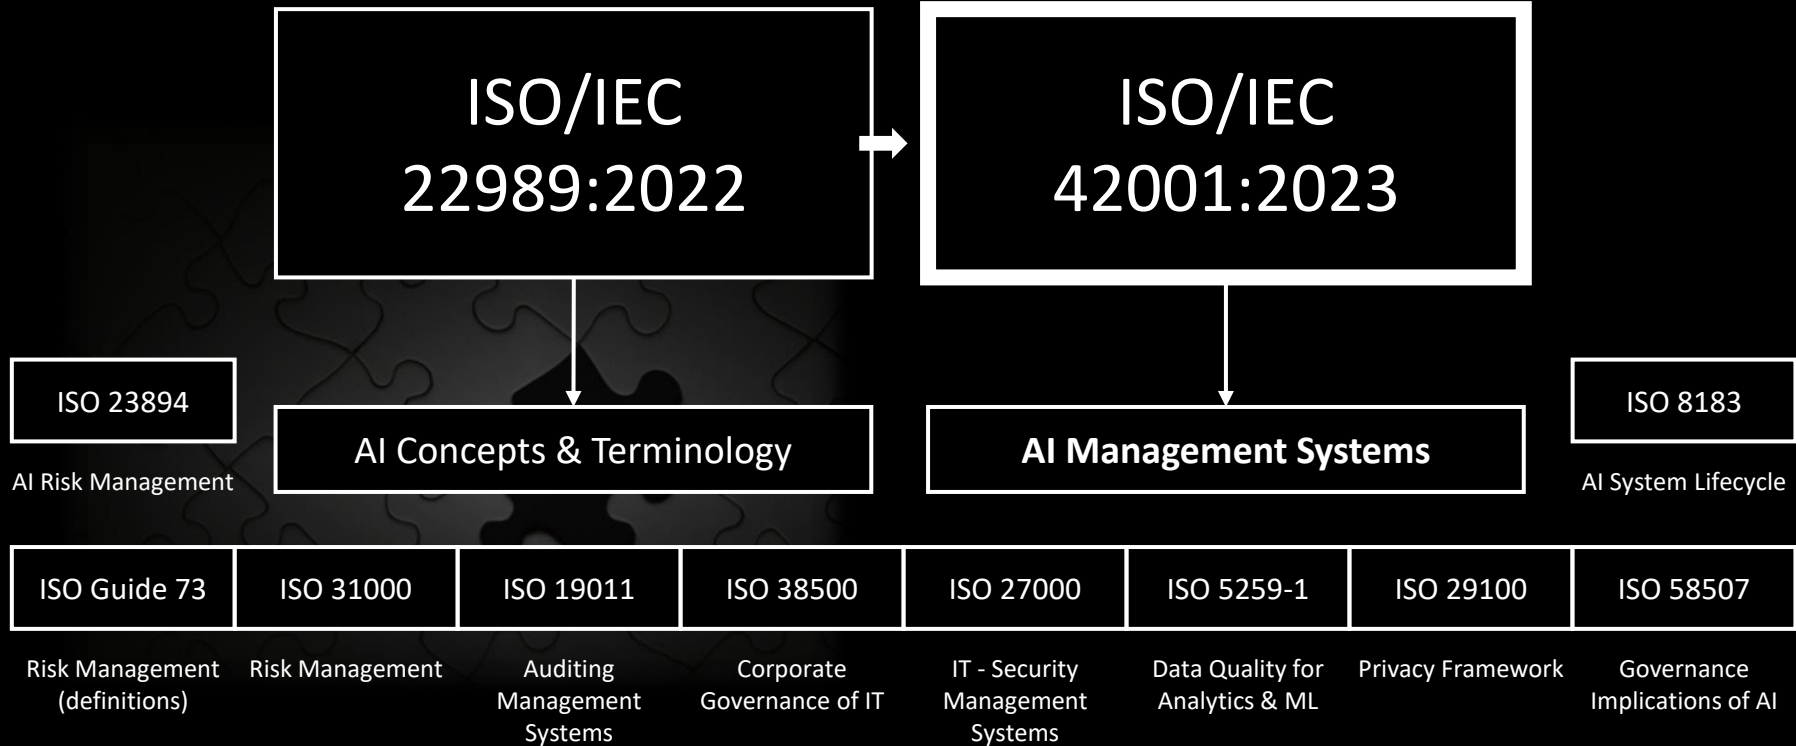

Understanding the **AI puzzle** in 2024+

Understanding the **AI puzzle** in 2024+

International Standards

Understanding the **AI puzzle** in 2024+

AI
Regulations

European Union

AI Act

Canada

AI & Data Act (AIDA)

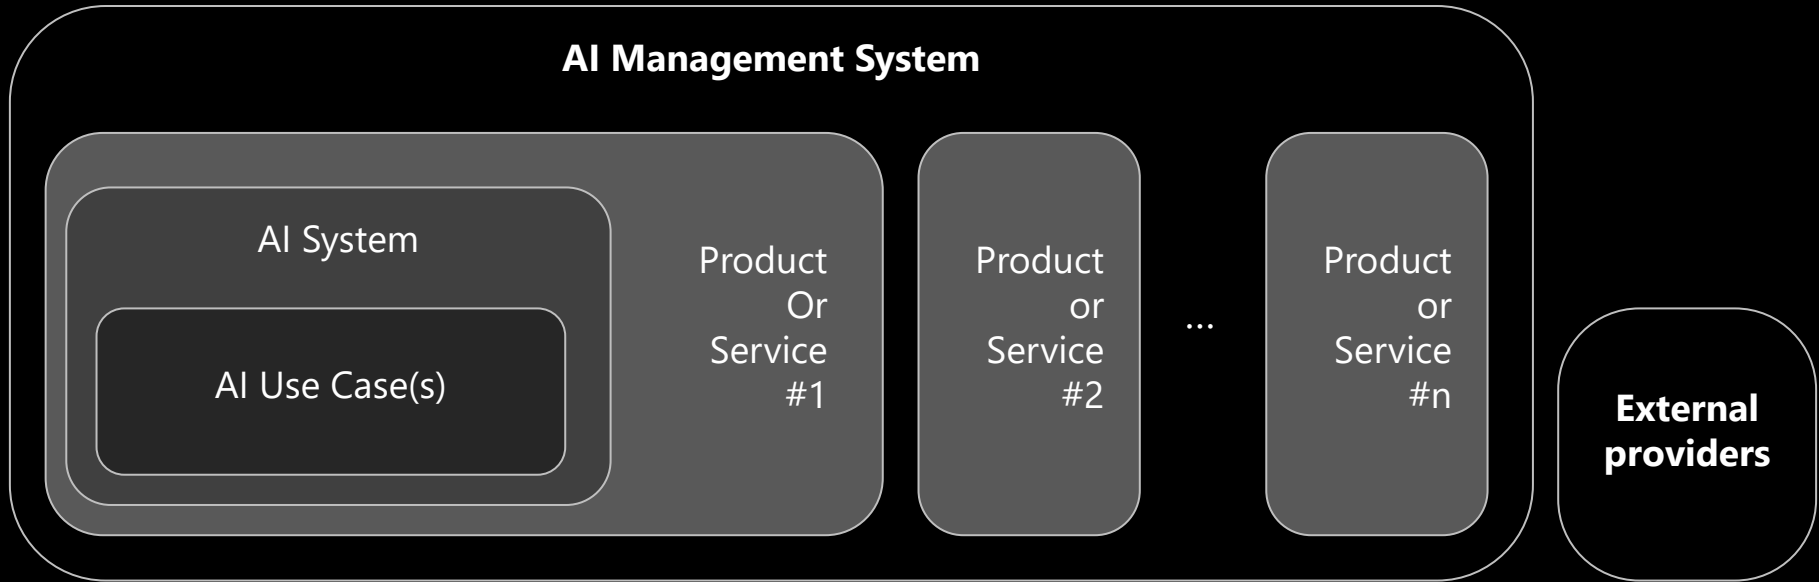

United States

Bill SB 1047 & +

... and more to come

But what do we really **govern** on AI?

Shared Responsibility / Accountability Model

Fighting the **analysis paralysis** syndrome

AI Software Bill
of Materials
